YOUR HELPFUL GUIDE TO MOTOR VEHICLE Q & A

Fall is fast approaching, and as we usher in the changing leaves and cooler temperatures, we'd like to ponder a few suggestions for the season.

- Some of you who ride motorcycles or ATV's during the warmer months may put these toys into hibernation for the winter. See page 2 to see a common problem that is easily averted.
- Did the summer sun take the ink out of your month sticker? See page 3 to receive a free replacement month sticker.
- Does your picture on your drivers license look faded? see page 3 for a quick and easy way to fix this.

As we approach our 10 year anniversary, we'd like to share a few of our proud accomplishments...

Since 1998, FooteWork has issued more than 200,000 Arizona titles, 175,000 license plates and more than 150,000 registration stickers.

All this with an accuracy rating given by the state of Arizona of 98.4%.

Wow! That's more than a half-million titlework transactions FooteWork has completed that have helped our customers.

Own a large commercial vehicle?

FooteWork has saved its customers thousands of dollars each year (sounds like an insurance commercial) by changing the way the vehicle is registered. Ask us how we can save you a ton of money as well.

FEATURED FOOTEWORK EMPLOYEE

Jaclyn
Konyen

Each newsletter, we feature one of the FooteWork professionals who are trained to help you and are central to the great customer service you receive.

Jaclyn first started with FooteWork in April of 2006. Jaclyn brings to FooteWork incredible customer service skills and has created a loyal following of customers who have benefited from her expertise. In that time Jaclyn has become a level I inspector and completed the Certified Title & Registration course, which has enabled her to become a certified MVD processor. Stop by the Prescott office to see how Jaclyn can knock your socks off like she's done with so many of our other customers.

GETTING TOO COLD TO RIDE?

Now that the weather is changing, most of us put away our motorcycle or ATV for the cold months. One of the most common things we see at FooteWork is someone with an insurance issue on a motorcycle or ATV after they drop the insurance for the months they decide not to ride. It's OK to cancel the insurance at any time on a vehicle, but in order to prevent a "lapse of insurance" issue on the vehicle, you must fill out a "de-insure form" with the state. If this is something that you are considering with any of your vehicles, stop by either office and we can take care of this for you. This is a service that we're happy to provide so you can get back on your toy next spring with no hassles.

FooteWork's Philosophy

- Provide you with exceptional service
- Complete your motor vehicle titlework as fast as possible
- Find every way possible to save you money with your titlework

Is there a service FooteWork can help you with that we're currently not offering? Can we do a procedure differently that would be more helpful to you? If you have any suggestions, please let us know.

VEHICLE OF THE MONTH

John & Michelle Krieger of Prescott, bought this great 1965 Mini-Moke in July of 2004. The Mini-Moke was originally designed by the British Army and is built on what is now the Mini-Cooper chassis. Check out the great story and learn more of the history of the Mini-Moke on our website, www.footework.com.

FADED MONTH STICKERS?

The Arizona sun takes its toll on our vehicles. One thing that can be affected are the month stickers. Stop by either of our offices and ask for a free replacement sticker if yours is faded. Sorry no FREE replacement year stickers, the state wouldn't appreciate us giving those away.

DUPLICATE DRIVERS LICENSE

Is the picture faded on your drivers license? We can get you a brand new drivers license (with the same young picture) as easy as giving us a call or stopping by one of our offices.
